## CHRIST IN THE PASSOVER

We will be celebrating the Passover Seder on Thursday April 9th at 7:00. As of this writing 35 folks [36 counting a place for Elijah] have indicated that they will be attending this very special evening. The Seder requires a considerable amount of preparation and planning and I feel strongly impressed that including a fellowship meal will only take away from the spiritual significance for all. In light of our just having had a fellowship meal this past Saturday and the amount of preparation and work required another meal seems a bit much for all.

I encourage all of you to have dinner at home and then come to Solomon's Porch for our Passover Seder 7:30 pm. on Thursday April 9th
