

Communiqué September 2009

Renewal Project

The Renewal Project began on Monday June 1st and a great deal has been accomplished in three months.

A lot of hard work and generous giving of time and money have contributed to the transformation of Solomon's Porch from an eyesore in the community to a place that is being noticed, admired, and hopefully bringing glory to our LORD.

All praise, honor, and glory be to God our Father, our Lord and Savior Jesus Christ, and our helper the Holy Spirit.

Our goal is to complete all the work on the west [facing Route 9] and south [facing the house] elevations of the building this fall. To date we have spent \$7,460 on the project with the anticipation of needing another \$2,500 to complete the remaining work. At present we have \$1,200 remaining in the Capital Improvement Fund and are in need of the Lord's provision to finish.

I ask that each of you would consider what the Lord would have you do in regards to the completion of this project.

- It might be prayer for the provision of finances and safety for those working.
- It might be He is nudging you to help with the work.
- It might be His nudge to provide the finances for the work.
- IT MIGHT BE ALL THREE!

The Truth Project

“Be transformed by the renewing of your mind.”

‘The Truth Project is a DVD-based small group study designed to equip believers with a comprehensive biblical worldview. Practically and personally, participants will be reintroduced to the truth claims of God. Twelve one-hour lessons discuss in detail God’s design for living out the Christian worldview in daily life. Most importantly, it addresses the need to marry our actions to our core beliefs. What this curriculum does is nothing short of transformational.’

Our brother Nick Becker has used this in his fellowship and strongly recommends its worth and value to all followers of Jesus Christ. I will be discussing and introducing more information in the days ahead with the thought of putting it into motion this late fall and winter. Please ask the Lord for His direction and leadership concerning our participation in this project.
